Price 1,000, 400 of which can be had on 4 years time.

MONEY TO LOAN On five years time, at 10 per cent, interest,

The counties of Sedgwick, Sumner, Cowley and Butler comprise an area of the best agricultural land west of the Missis sippi valley. The Arkansas river runs diagonally through the counties named, forming of itself an extensive valley ranging from seven to twelve miles in width. Other streams of less magnitude, such as the Little Arkansas, Ninnescah, Walnut and Whitewater rivers, Slate, Bluff, Spring, Gypsum, Chisholm and Cowskin creeks, diversity the country with fertile valleys. The soil of the valley and uplands is a rich sandy loam, several feet in depth. Vegetation of all kinds is unsurpassed. Climate temperate, equable and healthy. Thousands of acres of land are open to settlement under the pre-emption laws for the sale of the Osage Indian lands, which are unsurpassed in fertility in any section of the State, and is no other part can cheap homes be purchased with all the advantages of good soil, climate and water. Our people are enterprising, and made up of the go-ahead and best classes from the east, and in point of culture and society, are equal to any of the older communities of other States. The young and growing city of Wichita, now with a population of 4,500 inhabitants, and properly called the Queen City of the West, presents almost unequaled inducements for money investments to all business enterprises, and more especially to manufactories.

All good farm land, 30 acres in culti-vation, house 12x14, good well. Price

Levy for price, will be sold cheap.
